

Have you heard what's happening with ParaGard®?

T380A Intrauterine Copper Contraceptive

ParaGard[®] T 380A Intrauterine Copper Contraceptive **will soon be in our hands...** **and we're old friends.**

On January 1, 2004, FEI Women's Health LLC assumes full responsibility for ParaGard in the US. As a member of the healthcare community, you know how important it is to have confidence in every product you provide to your patients. FEI Women's Health feels the same way. And we couldn't be more confident in ParaGard: Our affiliate, FEI Products LLC, has been the exclusive US manufacturer ever since FDA approval in 1984.

No one knows ParaGard better than we do

- FEI Products helped the Population Council invent the Copper T 380A in the early 1980s
- We've supplied 65 million Copper T 380As worldwide
- Today, ParaGard remains our single focus

Same product, with a hassle-free transition for you

FEI Women's Health is completely dedicated to supporting you and your patients

- ParaGard will continue to be manufactured by FEI Products with the same materials, to the same specifications, and in the same facility as it has always been
- Even the phone number for ordering ParaGard will be the same: **1-800-322-4966**

Plus, important new services to support your practice

FEI Women's Health is making a significant investment in creating new support services. We will offer:

- A patient credit card payment program and reimbursement assistance
- New educational materials to help your patients learn more about appropriate contraceptive options

We're proud of ParaGard—and proud to be bringing ParaGard directly to you.

We will provide more important transition details in the near future. You may contact us at info@fei-womenshealth.com
